I. Introduction
The primary objectives of traffic enforcement are to ensure the safe movement of vehicular and pedestrian traffic, to reduce the number of traffic crashes and related injuries, and to reasonably and impartially enforce all of the traffic laws.

II. Policy Statements
A. Sworn personnel shall take appropriate traffic enforcement action consistent with applicable laws and Division Directives.

B. On-Duty Traffic Stops

1. Only uniformed sworn personnel driving marked units shall make traffic stops, unless part of a planned tactical operation. Personnel operating an unmarked Division vehicle who observe a traffic violation and deem a traffic stop is warranted shall contact Communications Bureau personnel and request that a marked vehicle make the stop.

2. The interaction between sworn personnel and traffic violators during traffic stops can affect the public’s perception of the Division, and an officer’s ability to safely conduct the stop. In order to project a professional image and help gain compliance from traffic violators during traffic stops, upon initial contact with the violator, sworn personnel should:
   a. Introduce themselves by rank and last name,
   b. Identify themselves as an officer from the Columbus Division of Police,
   c. Briefly explain the reason for the stop, and
   d. Ask if there was a justifiable reason for the violation.

3. Sworn personnel shall request operator’s license, vehicle registration, and proof of insurance document.

4. Traffic enforcement duties may be conducted in either a stationary or moving manner. Sworn personnel shall remain visible to motorists and shall not attempt to conceal themselves or their vehicles.

5. Enforcement action shall be accomplished in a firm, fair, and courteous manner. Sworn personnel making traffic stops should decide what course of action to take prior to approaching the violator, reinforcing
fair and impartial treatment. **Further** information may alter the original decision. **Sworn personnel** should ensure it is fact that alters the decision, not violator personality.

6. **Sworn personnel should** have all violators remain in their vehicles for the duration of the traffic stop.

C. Off-Duty Enforcement Policy

   Off-duty **sworn personnel** in private vehicles shall neither enforce traffic laws nor stop the operator of a vehicle who is involved in a misdemeanor offense. Off-duty personnel who observe a traffic violation, or observe the operator of a vehicle involved in a misdemeanor offense, and deem a traffic stop is warranted, shall contact the Communications Bureau and request that a marked vehicle make the stop.

D. Uniform Enforcement Policies

1. In order to apply uniform traffic enforcement policies, the following guidelines have been established. Deviation from these guidelines may require justification.

   a. Driving under the influence of alcohol/drugs
      
      If **sworn personnel** establish probable cause that the operator of a vehicle is under the influence of alcohol/drugs, the violator shall be appropriately charged.

   b. Driving under suspension/revocation or no operator’s license
      
      (1) If the operator of a vehicle does not have an operator’s license, or does not have a valid operator’s license in his or her possession, **sworn personnel** shall check with LEADS to confirm the existence of a valid license.

      (a) If the operator has a valid license and proper identification has been established, a traffic **citation** should not be issued.

      (b) If the violator does not have a valid license, appropriate enforcement action shall be taken.

      (c) If the operator’s license is suspended or revoked, **sworn personnel** shall issue a traffic **citation** or make an arrest and note the LEADS information on the traffic **citation** and attach the printout to the Arrest Information, form U-10.100. **Sworn personnel** shall write on each page of the LEADS printout that the printout is being forwarded to the Prosecutor’s Office, and the date and time it was sent.

      (2) **Sworn personnel** shall not allow an unlicensed operator to drive a vehicle from the location of a stop.

   c. Speed violations
      
      (1) **Sworn personnel** should issue a warning to the operator of a vehicle whose speed is five miles **per hour** or less over the speed limit.

      (2) **Sworn personnel** may issue a warning or traffic **citation** to the operator of a vehicle whose speed exceeds the speed limit **by** six
to nine miles per hour based upon the totality of the circumstances at the time of the violation.

(3) Sworn personnel should issue a traffic citation to the operator of a vehicle whose speed exceeds the speed limit by ten miles per hour or more.

d. Failure to yield to an emergency vehicle

When sworn personnel observe the operator of a vehicle failing to yield to an emergency vehicle, personnel shall consider if the motorist was, or reasonably should have been, aware of the emergency vehicle. Factors to consider include whether the emergency vehicle’s emergency lights and siren were operating and whether the emergency vehicle was being operated with due regard for safety. Sworn personnel should question operators in all situations involving suspected failure to yield to emergency vehicles and attempt to determine if the operator had appropriate warning of the approaching emergency vehicle.

e. Other hazardous violations

Sworn personnel should issue a traffic citation to the vehicle operator who commits a traffic violation in a hazardous or high traffic crash location. Refer to the “Traffic Crash Investigations” directive.

f. Off-road vehicle violations

Upon receiving complaints regarding trespassing and/or property damage caused by the operation of an off-road vehicle, if the property owner wishes to file charges, investigating sworn personnel shall attempt to identify the vehicle operator.

g. Equipment violations

(1) Sworn personnel should issue a traffic citation when a vehicle’s required equipment is either missing or inoperable and the operator should have been aware of the problem, e.g., old damage to a front fender with a missing headlight.

(2) Sworn personnel shall not allow any vehicle deemed unsafe as specified in the Columbus City Code to operate on the public roadways.

h. Public carrier or commercial vehicle violations

Sworn personnel shall handle the operator of a public carrier or commercial vehicle who commits a traffic violation in the same manner as the operator of a private vehicle who commits a similar violation.

i. Other non-hazardous violations

Non-hazardous traffic violations are violations of the traffic laws affecting the use or protection of streets or highways, but not enacted primarily to regulate safe movement of vehicles and pedestrians, such as a registration violation. The decision to either warn or issue
a traffic **citation** to a violator for a non-hazardous traffic violation shall ultimately rely on the **sworn personnel’s** judgment based on the totality of the circumstances at the time of the violation.

j. Multiple violations

(1) **Sworn personnel** shall follow established guidelines to either warn or issue a traffic **citation** to the operator of a vehicle for a single or multiple hazardous violations.

(2) **Sworn personnel** should not file a second traffic charge on the operator of a vehicle if a single offense being charged is all-inclusive, e.g., reckless operation.

(3) The decision to warn or issue a traffic **citation** to the operator of a vehicle for multiple hazardous violations should be based on the **sworn personnel’s** judgment regarding the totality of the circumstances at the time of the violation.

(4) If there are multiple equipment violations on the same vehicle, **sworn personnel** should issue a traffic **citation** for only the most serious equipment violation.

k. Newly enacted laws or regulations

**Sworn personnel** should issue a warning for a non-hazardous traffic violation of a newly-enacted law or regulation for a period of thirty days from the effective date of the law or regulation.

Note: This does not apply if specified otherwise by law, regulation, or special order.

l. Pedestrian and bicycle violations

**Sworn personnel** should issue a traffic **citation** to pedestrians or bicyclists whose actions create a hazard to themselves, pedestrians, or vehicular traffic.

m. Non-resident traffic violators

(1) **Sworn personnel** may issue a traffic **citation to persons from any state, unless excluded by law**.

(2) The Ohio Revised Code (ORC), Non-Resident Violators Compact, permits a traffic **citation** be issued to a resident of a compact state. The violator shall be required to sign the traffic **citation**. **Sworn personnel** shall instruct the violator that signing the **citation** guarantees that he or she will meet the terms and instructions of the traffic **citation**, and that failure to comply before the assigned court date shall result in the suspension of his or her driver’s license by the issuing state.

(3) **Refer violators to the Clerk of Courts for all appearance bond questions.**

(b) Personal recognizance is permitted unless prohibited by law.

(c) Categories of violations not covered by the Compact:
i) Offenses which mandate a court appearance.
ii) Moving violations that involve a suspension or revocation.
iii) Size and weight violations.
iv) Transportation of hazardous materials violations.
v) Registration and drivers license violations.
vi) Parking violations.
vii) Equipment violations.

(d) Sworn personnel shall escort violators refusing to sign the traffic
citation to the Clerk of Courts to post bond. If unable to post bond, sworn personnel shall arrest the violator.

(3) When encountering a violator who is a resident of a state that is not a member of the Compact, sworn personnel may take any appropriate enforcement action, including the issuance of a traffic citation. There is no legislated recourse when a violator from a non-member state does not appear in court or pay the citation. Non-member states are as follows:

Normal arrest and detention procedures should be followed if the individual fails to produce satisfactory identification. Routine traffic citations do not constitute arrest and are permissible, although the signing of the traffic citation cannot be required. Although a person with diplomatic immunity may not be detained or arrested unnecessarily, if a public safety issue is involved the person may be detained for the safety of the community.
2. Any enforcement action beyond issuing a traffic citation should be fully documented and a copy forwarded through the chain of command to the appropriate deputy chief, who shall forward the information to the Department of State.
